PROFESSIONAL SUMMARY

Creative and concept-driven Interior Architecture undergraduate with a strong passion for culturally inspired and experiential design. Skilled in space planning, 3D visualization, material exploration, and concept development rooted in Sri Lankan craftsmanship. Experienced in academic projects including residential, retail, hospitality, and museum design. Seeking an opportunity to contribute innovative and meaningful design solutions in a professional setting.

EDUCATION

BA in Interior Architecture
Limkokwing University Malaysia
National Institute of Business Management
Expected Graduation: June 2027
GPA: 3.33/4.0
Relevant Coursework: Interior Design Studio (Residential, Retail & Hospitality Design), Building Technology, Material & Construction, Sustainable Design, Furniture Design & Product Development, Sri Lankan Vernacular & Cultural Design Studies

---

TECHNICAL SKILLS

Software
AutoCAD | SketchUp | 3ds Max | D5 Render | Adobe Photoshop | Adobe Illustrator | MS Office

Design Skills
Space Planning | 3D Visualization | Concept Development | Material Selection | Lighting Design | Furniture Design | Model Making | Presentation Design

---

ACADEMIC DESIGN EXPERIENCE

- Produced detailed design drawings including plans, sections, elevations, 3D visualization.
- Developed physical models and concept presentations.
- Conducted site analysis and user-centered design studies.

PROJECTS

Hostel Design – UVPA Colombo | Academic Project

- Designed a student hostel for multidisciplinary design students based on the Yin & Yang concept.
- Created a spatial balance between collaborative work areas and private resting zones.
- Emphasized user wellbeing, privacy, and interaction through zoning and spatial flow.
- Developed complete design documentation including plans, sections, and 3D visualization.

Dilly & Carlo Mobile Retail Kiosk | Academic Project

- Designed a mobile fashion retail kiosk located in Galle Fort, responding to a heritage context.
- Developed a concept inspired by the lotus flower, integrating Sri Lankan craftsmanship and brand identity.
- Focused on user interaction, flexibility, and spatial efficiency within a compact structure.
- Produced concept boards, technical drawings, and a scaled physical model.

Lotus-Inspired Chair | Furniture Design Project

- Designed a chair inspired by the form and symbolism of the lotus flower, representing purity and elegance.
- Translated organic petal geometry into a functional seating form with ergonomic consideration.
- Explored materiality and craftsmanship techniques aligned with Sri Lankan design identity.
- Focused on balance between aesthetics, comfort, and structural stability.
- Developed concept sketches, design iterations, and presentation models.

LANGUAGES

English – Fluent
Tamil – Native
Sinhala – (Basic/Conversational)

LEADERSHIP

Former Secretary – Interior Innovators Club | NIBM (2023-2025)

- Managed administrative coordination and communication within the club and Maintained records, meeting minutes, and event documentation.
- Organized design-related events, workshops, and student activities and collaborated with team members to plan and execute creative initiatives.
